C. CONSENTEMENT

If your child is under the age of 14, as the parent or tutor, your consent is required for vaccination. If you are 14 years old or over, you can consent yourself to received health care services, vaccination included.

The student's vaccination record/record will be analyzed to determine whether the vaccines consented to are recommended. **The student will not be administered any vaccines for which they are up to date.** If no proof of vaccination is available, it is assumed that the student did not receive the vaccine(s) and we will recommend that they receive them on the day of vaccination.

The vaccines used are provided by the Ministry of Health and Social Services (MSSS) and we are not able to provide specific brands.

If you have any questions, we invite you to contact your local community service center (CLSC) or school nurse.
